CanSkate@School

The CanSkate@School program offers Grade One students four weekly 50-minute skating lessons at RIM Park during school hours. This structured and inclusive program benefits children who might not otherwise have the chance to learn to skate. Led by professional coaches, the program is offered during the fall, winter, and spring seasons, addressing barriers like limited access to skating and equipment. Partnering with schools and supported by sponsors, the program promotes confidence and physical literacy among diverse backgrounds. Positive feedback from families emphasizes effective instruction and bonding experiences for students.
